DETAILED ACTION

Response to Amendment

The Amendment filed on Mar. 22, 2007 has been entered. Claims 1, 2 and 4-14 remain pending in the current application.

Election/Restrictions

Claim 1 allowable. The election/restriction requirement among the species, as set forth in the Office action mailed on 6/19/06, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claim 14, directed to a non-elected species no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Allowable Subject Matter

Claims 1, 2 and 4-14 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1 (Amended): None of the prior arts either alone or in combination fairly teach or suggest a repairing method for a liquid crystal display panel wherein a sealant formed outside the liquid crystal injection area is removed before applying a first pressure to the substrates and further that a sealant in the liquid crystal injection area is removed while continuously providing the first pressure and a second pressure, hence resulting in removing two sealing material around the liquid crystal injection area before removing the excess liquid crystal material. Therefore, claim 1 is deemed non-obvious and inventive over the prior arts, thus is allowed.

As to claims 2 and 4-14: Since claims 2 and 4-14 depend either directly or indirectly on the allowed claim 1, therefore, are also allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
